No Malolactic
No Barrel treatment 100% Stainless Steel Ferment

Technical Data

Titrateable acidity	6.7g/L
pH	3.6
Residual Sugar	0.1
Alcohol	14.5

Tasting Notes

Gorgeous clarity and pretty in the glass, delicate citrus aromas show the promise of things to come. Bright soft citrus flavors on the palate with notes of key lime and lemon zest, a hint of grassiness and nice dry, crisp acidity on the finish that leaves the palate craving another sip. Perfect with fresh oysters on the half shell or a chilled cucumber gazpacho.
